- Node.js
- React
- TypeScript
- Express.js
- MySQL
- MongoDB
- Python
- PHP
- Symfony
- FastAPI
- Generative AI
- RAG
- LLM
- Prompt Engineering
- API Development & Integration
- GIT
- Docker
- Linux

Experience

Brandcrock India Pvt. Ltd. | Chennai, TamilNadu, India
Senior Software Developer
01/2023 - 10/2026

- Designed, developed, and maintained **scalable backend services** using **Node.js and TypeScript** for a CRM platform
- Architected and implemented **RESTful APIs** to support core CRM features and third-party integrations
- Designed and implemented backend APIs consumed by **React frontend components**, ensuring seamless integration and performance.
- Integrated **third-party systems and external services**, ensuring reliability, security, and performance
- Optimized backend performance through **code refactoring and query optimization**
- Improved overall **code quality and maintainability** by enforcing best practices and clean architecture principles
- Actively participated in **backend architecture design** and contributed to key **technical decision-making**
- Led the **CRM development team**, providing technical guidance, conducting code reviews, and mentoring developers
- Planned and managed development tasks, ensuring **on-time delivery** and alignment with business requirements
- Ensured high standards of **security, scalability, and performance** across the CRM application

Novalnet e-Solutions Pvt Ltd | Chennai, TamilNadu, India
Software Developer
10/2021 - 12/2022

- Developed custom plugins and modules for the **Shopware 6 platform**, adhering to **Shopware development standards and best practices**.
- Integrated and configured **Novalnet payment solutions**, ensuring **secure and reliable transaction processing**.

- Customized and maintained **payment workflows** to meet **business requirements and compliance standards**.
- Supported, enhanced, and maintained **existing Shopware extensions**, improving **system stability and maintainability**.
- Identified, analyzed, and resolved **critical production issues** to ensure **consistent system performance**.
- Contributed as a secondary responsibility to an **internal Archive Management System** developed using **Node.js, React and TypeScript**.
- Developed **REST APIs** and implemented **role-based access control (RBAC)** for **secure file and document management**.
- Collaborated with **cross-functional teams** to deliver **reliable e-commerce solutions and internal platforms**.

Apple G Web Technology Pvt Ltd | Chennai, TamilNadu, India
Software Developer
07/2018 - 10/2021

- Developed and enhanced **client websites** and built **RESTful APIs** to support mobile applications
- Designed and implemented **custom CMS solutions** tailored to specific client requirements
- Contributed to the development and customization of **ERP systems** for multiple clients
- Identified, analyzed, and resolved **critical bugs**, ensuring application stability and reliability
- Maintained and monitored applications to **optimize performance** and ensure smooth operation
- Analyzed new business and technical requirements and delivered **effective, scalable solutions**

Education

Government College of Engineering | Erode
Bachelor of Engineering in Computer Science & Engineering
2018

Certifications

- Shopware 6 Certified Developer
- Canada India Institutional Cooperation Project

Awards & Achievement

Spot Award Winner (2025)
